

WEEKLY REPORT
Region 9
Environmental Protection Agency
Week Ending December 2, 2016
Water Division

Significant Items for Last Week (November 28 – December 2)

Responding to GAO on Lead in Drinking Water: On November 28th, we sent a response to the GAO to address follow-up questions from their *Elevated Lead in Drinking Water Engagement* report. Questions were posed to all EPA Regions and our responses focused on oversight of Safe Drinking Water Act primacy agencies in Region 9 and their efforts to address violations and compliance with lead in drinking water. (Li, 2-3560)

Significant Items for This Week and Next Week (December 5-9)

Resolving Wetlands Elevation for Specific Plan in Northern California: Deliberative Process (b) (5)

[REDACTED]

(Morgan, 2-3309)

Travel, Training, Public/National Meetings, and Speaking Engagements

Engaging with Los Angeles-Area Students on Environmental Concerns: On December 5th, Tomás Torres will join Deputy Regional Administrator, Debbie Jordon, and others from Region 9 at the Center for Healthy Communities in Los Angeles for a listening session with 20 students from six area schools. The session will provide students an opportunity to talk about their environmental concerns, priorities and issues. (Torres, 2-3337)

Other Information

Division Director Schedule (December 5-9): Internal Personnel (b) (2)
